

EMPLOYMENT OPPORTUNITY

POSITION TITLE: Manufacturing Associate

LOCATION: Frankfort, Michigan

POSITION SUMMARY:

ROSS Controls/ROSS DECCO has immediate day shift manufacturing openings for general production with tasks consisting of assembling a set of components and/or working on the finished product.

Work includes assembly as well as the operation of molding machines, terminal machines and coil winders. Maintain an acceptable rate of work and high level of quality, start and stop equipment, load and unload parts for processing, measure and pour ingredients, ensure conformance to specifications, mark parts for identification, read and interpret gauges, record data and ship finished product.

Maintain ISO or Quality Management System standards through continuous improvement activities, practice Lean manufacturing concepts, keep work area clean with parts and equipment organized and stocked.

Employees work in a team environment, must be able to multi-task in a dynamic setting, be a good communicator, have basic computer skills, be able to locate, read, understand, retain and apply information; mechanical aptitude is a plus.

EDUCATION:

Qualified candidates must be high school graduates, or equivalent.

EXPERIENCE:

Prior assembly and/or manufacturing experience preferred

KNOWLEDGE, SKILLS, AND ABILITIES:

Must be highly motivated, work and communicate effectively in a team environment, be PC literate.
